PLACE ACQUIRED

SUPPLEMENT TO REPORT NO.

THIS DOCUMENT CONTAINS INFORMATION AFFECTING THE NATIONAL DEFENSE OF THE UNITED STATES, WITHIN THE MEANING OF TITLE 18, SECTIONS 793 AND 794, OF THE U.S. CODE, AS AMENDED. ITS TRANSMISSION OR REVELATION OF ITS CONTENTS TO OR RECEIPT BY AN UNAUTHORIZED PERSON IS PROHIBITED BY LAW. THE REPRODUCTION OF THIS FORM IS PROHIBITED.

THIS IS UNEVALUATED INFORMATION

Location

- 25X1 1. The Piestany Airfield was located approximately six km north of Piestany [4836N - 1750E], between a double track railroad [Point #13] on the west side, which ran from Nove Mesto nad Vahom [4845N - 1750E] to Komarno [4746N - 1808E], and a highway [Point #5] which ran from Bratislava to Nove Mesto nad Vahom along the east side of the airfield. The Vah river [Point #6] also ran along the east side of the airfield.

Dimensions

- 2. The airfield was approximately 1,000 m long and 80 m wide. I have no further information.

Runways and Surfaces

- 3. This was a sod-covered airfield. I have no further information.

Access

- 4. This airfield was accessible only via a gate [Point #4], approximately three m wide,

25X1 which led to the Nove Mesto nad Vahom - Bratislava highway [Point #5]. This
 25X1 road was asphalt, approximately eight m wide. The gate [Point #4] was guarded
 by a guard armed with a submachine gun. [redacted]

Buildings

5. [The following points refer to Encl (A)]

Point #2 Guard House. It was constructed of brick and measured approximately six by five by six m.

#7 Hangar. This hangar was constructed of concrete and was approximately 20 x 10 x 10 m and had a barrel shell roof. [redacted]

#8 Administrative Building. Constructed of brick, two stories high, with a flat roof. It measured approximately 15 x 10 x 2 m.

#9 Building. Constructed of brick, two stories high with a flat roof. It measured approximately 10 x 8 x 12 m.

#11 Bunker. Constructed of concrete, approximately four m long, three m wide and 2½ m high; it had a steel door. A narrow strip of land leading from this bunker was noticeable; it looked as if a pipe line was laid underground from the bunker.

#12 Bunker. Constructed of concrete approximately eight m long, four m wide, and about four m high; it had a steel door.

#16 Hangar. Constructed of corrugated sheet metal; it was approximately 80 m long, 15 m wide and about 10 - 12 m high; it had a shed type roof.

Miscellaneous

6. [The following points refer to Encl (A)]

#10 Landing Aids. These were triangular in shape, made of wood about 80 cm long and painted red and white. They were placed at the north end of the airfield.

#3 Fence. This fence was of barbed wire approximately six m high; it had cement posts. This fence ran along the eastern and southern borders of the field.

#1 Creek.

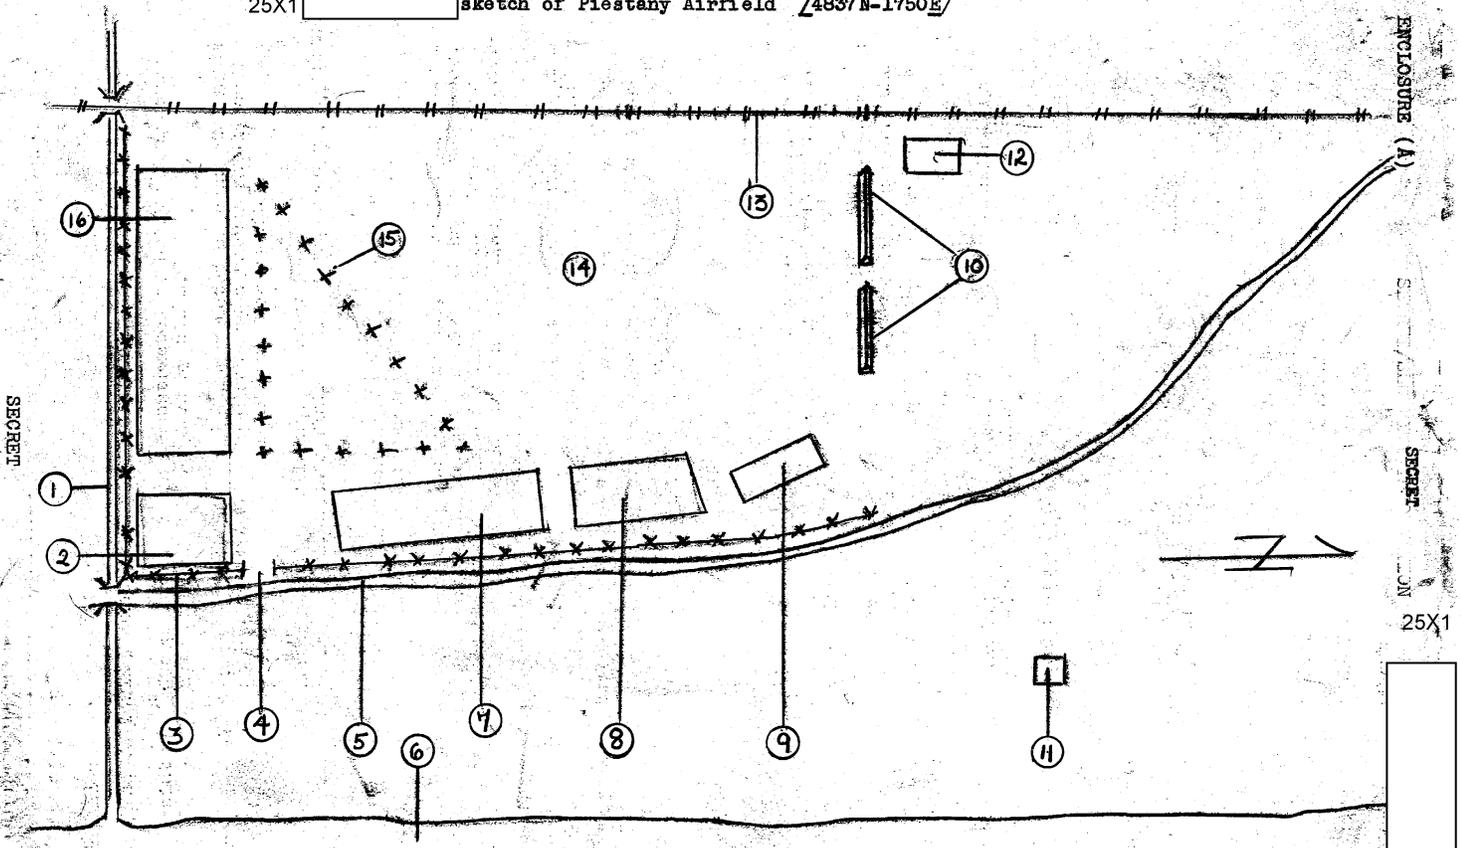

#15 Parking Area for Planes. There were approximately 30 ME-109's at this field.

#14 Grass Landing Area.
